Design by Philippe Malouin

The Bookmatch Table by Philippe Malouin channels the natural beauty of freshly sawn timber. It celebrates craftsmanship, and yet is a design for modern manufacture and contemporary living. Featuring two perfectly mirrored wood veneer boards with edges engineered to give a wane (untrimmed) effect and a construction that locks with two wooden wedges, the Bookmatch Table is a perfectly considered homage to traditional carpentry skills. Visually hefty, although actually light, and seemingly raw and crafted, but in reality highly engineered, the Bookmatch Table is a sophisticated piece of furniture for design devotees.
