BR02 Sofa Bed

MARTIN VISSER

The BR02 sofa bed is one of Martin Visser's most recognizable designs and has become a true icon of Dutch design. Sleek, refined, and functional, the sofa reflects Visser's belief that good design should be simple and enduring. Since its introduction in 1960, the BR02 has remained in continuous production – a rarity in the design world. With a single, effortless movement, the BR02 transforms from an elegant sofa into a comfortable single bed. Perfect for creating extra sleeping space without compromising on style. Thanks to its timeless aesthetic and proven quality, the BR02 sofa bed is a design classic that continues to transcend generations.
