Benno Mirror

BENNO PREMSELA

The Benno Mirror, designed by Benno Premsula, is both ingenious and simple. It embodies Premsula's signature approach to modern Dutch design: a perfect balance of simplicity, functionality, and timeless beauty. Legend has it that Premsula was tasked with creating an elegant interior accessory. While browsing through stock and semi-finished products, he discovered a wooden ring originally intended for a small table. By cutting a slot into it, the iconic Benno Mirror was born. Today, it stands as a true design icon.
