DZ05 Coat Rack

FRISO KRAMER

The DZ05 coat rack, designed by Friso Kramer in 1954, is more than just a practical accessory – it is a decorative element within the interior. Its sleek, minimalist design in powder-coated steel combines a light, refined appearance with a subtle touch of playfulness. Equipped with a hat shelf and seven hooks, the DZ05 provides ample space for coats and accessories. At the same time, it adds a bold graphic accent to the wall without ever becoming intrusive.
