

PANI JUREK

Technical Data Sheet / Lighting TRN Z1

A fascination with Jan Tarasin paintings and graphics was a starting point for the creation of the whole collection. Tarasin was interested in the world of objects. He began with realistic record objects that he simplified and reduced until a system of abstract signs was formed. In her latest collection, Pani Jurek reverses this process, turning ideograms into things again. Her three dimensional objects have a simple calligraphic form so they can play and talk together as if they were letters from a non-existent alphabet.

There are 5 models of side tables in the collection, 8 types of mirrors and ceramic lighting fixtures, whose single elements can be arranged into the compositions. The hand crafted process of glazing ceramics and furniture making gives the collection a truly unique character. Each piece is one of a kind.

Technical specification

Materials:
ceramic, brass

Available product variations:
see page 4

Thread type:
E27

Maximum bulb wattage:
40W

Dedicated voltage:
220V/230V

Frequency:
50/60Hz

Working temperature:
to 40 °C

IP: 20

Comply with Directives:
2014/35/UE
2011/65/UE
PN-EN IEC 60598-1:2021-07E
PN-EN-60529:2003/A2:2014-07

Dimensions & Weight

Model	height / width / depth	weight
Z1	360x85x135 mm / 14,17" x 3,35" x 5,31"	1 kg / 2,20 lbs

Color variants*

glossy glazes

red

green

lilac

pistachio

ochre

brown

black

mellow yellow

steel blue

denim blue

navy blue

pink

matt glazes
