

Geometric dining table - oak - rectangular 220/100/76

53057

Description

With enriched shapes and unexpected details, the Geometric solid oak dining table is a statement item, equally at home in the dining room or workspace. Luxury comes with its length, which is offset by softened edges and natural lines. Interesting shapes are in play to add volume and practical comfort.

Designer Alain Van Havre

For Alain van Havre, inspiration is everything. Deeply connected to his environment and passionate about natural materials, he has developed an exceptional expertise for woodworking. Over the years, he has created his own visual language centred around form, a translation best described in collections such as the Bok, Graphic, Pl, and Stairs. He believes that for someone to connect with a design, it is important to bring it closer to nature. Over the past 20 years Alain has played a pivotal role in influencing the Ethnicraft designs we know and love today.
